

350 rock drill dimensions

ATTN: Greg Whitson Jimco, manufacturer of the "John Henry Rock Drill" is pleased to offer for sale our New model "JH20" John Henry Rock Drill Package for mounting on Komatsu PC210 ...

Phillips 66® Rock Drill Oil is an adhesive, extreme-pressure (EP) lubricant specially developed for the lubrication of air-powered tools such as rock drills, jackhammers, pavement breakers and ...

Drill through rock with ease. Our 9-60 lb Rock Drills hit 2,100-3,400 BPM, great for anchor holes, blasting prep, or tough surfaces. Use wet or dry with the APT valve for total jobsite control.

FlexiROC T35 is a flexible and versatile topammer drill rig, developed and designed for high performance in demanding construction applications. It's also a very efficient alternative for ...

Adapted to the new generation of powerful hydraulic rock drills the Epiroc SR drill string family transmits that power into the rock efficiently and reliably. With a faster rate of advance it lowers ...

Sandvik 365 Parts & Services offer a variety of possibilities to enhance your Sandvik DD422iE drill's performance. As an OEM, we provide the best-suited choices to preserve your ...

The basic ECM-350 design has seen many improvements in its years of service--but every drill produced has set the world standard for reliability and performance in its time.

The LF350e drill rig is completely electronically controlled utilizing CAN bus and PLC devices. The patent-pending control panel features a 12" touch screen display for drilling information and ...

Whatever the rock conditions, the PowerROC T35 helps ensure a high penetration rate and keep the cost of consumables low. The COP Logic system works in combination with a COP rock ...

Comacchio GEO line rigs can adapt to virtually any rotary drilling application, as well as rotary percussion drilling techniques, in all geological formations. ...

Depth capacity With up to 3,360 meters of NQ(TM) W-Wall(TM) capacity, the LF350e can meet the demands of the deepest diamond coring projects. Need a larger size core in a deep hole? The ...

Heavy-duty diamond coring machine with high-frequency motor and optional auto-feed unit for rig-based coring from 52-500 mm (2-1/16 - 19-11/16") in diameter Diameter range: 2-1/16 - 19 ...

Drilling machines are essential tools used in various industries like manufacturing, construction, and

350 rock drill dimensions

engineering, where precise hole-making is critical. ...

YZ350 rock bolting rigs are used for rock bolting in mining and tunneling applications. Heavy-duty drilling arm, suspension supported drilling arm ensures accurate hydraulic parallel holding in ...

?Hole Diameter:64-140mm? Pneumatic rock drill-CM350. The V140 heavy duty pneumatic rock drill has the following technical characteristics: non-valve design, high power output, high ...

Speed and Air Capacity Atlas Copco models CM-760D, CM-780D and ECM-720 crawler drills cover your drilling needs for faster penetration and continuous production in solid rock. These ...

RitchieSpecs is a search engine specification database housing over 15900 current and historical specs for vast types of equipment. Users can search equipment specifications by industry, ...

The less homogeneous the rock formation, the harder it is to drill straight blastholes and keep your productivity at top level. The ROC 460PC DTH crawler gives you the solution by ...

Our complete line of blasthole drills and accessories for construction and quarry sites are built tough while including innovative features that deliver high-performance and ease of operations ...

Designed for productivity The Atlas Copco DM30 II is a crawler mounted, hydraulic tophead drive, multi pass rotary drilling rig featuring a 30 ft (9.1 m) drill pipe change and a standard 4-rod ...

Full length rock guards and tram motor covers provide unsurpassed protection. Superior pioneering ability (35° gradability) and high production make the ECM-590 a very versatile drill.

The Ajax A9 Scraper Blade Bolt is a premium system manufactured to the 170,000 psi range leaving the competition well behind at a mere 155,000 psi spec. Don't settle for bolts that ...

Earn more per cubic meter SmartROC can be equipped with the optional hole navigation system (HNS) from Epiroc. This enables drill pattern navigation via satellite receivers. HNS helps ...

Be productive The well-proven COP rock drills provide high penetration rate. Continuous feeding by use of cylinder and rope, results in constant contact of the bit to the rock and leads to ...

TECHNICAL SPECIFICATION Sandvik HF820T hydraulic rock drill is designed for drilling 64-127 mm diameter holes. This rock drill belongs to Sandvik hydraulically controlled surface and ...

This happens several thousand times per minute in some cases and is much more effective than electric drills or core drills in rock and concrete. There are many things to consider when ...
