

Best blue rock drilling

Are Bluerock tools any good?

For more than a decade, the Bluerock Tools has been one of America's most respected tool manufacturers. Even though they're not as well-known as Milwaukee or Black & Decker, their products are quite famous for quality and reliability. That's why we think it's time to take a closer look at their popular magnetic drill - the BRM-35A.

Is black Bluerock brm-35a a good cheap Mag drill?

The Black Bluerock BRM-35A is the best cheap mag drill we've reviewed so far, so we think that it's safe to say that it's an excellent choice for those on a tight budget. It's not the most powerful unit for the money, but it's sure to assist you with all of your steel-drilling projects - you won't regret buying it.

Can a two-gear rotary speed drill be used with a drilling rig?

COMES WITH CORING RIG! USED PORTABLE OR IN THE RIG! Specifications: Two-gear rotary speed is designed for drilling different size holes. The drill is fitted with a safety slip clutch. This unit is designed to be portable and able to be used with an included drilling rig.
