

Budget maersk drilling rig

How much will Maersk Drilling spend in 2019?

Maersk Drilling expects capital expenditures in 2019 to be in the level of USD 300-350 million, an increase compared to 2018 due to the above-mentioned rig upgrades and yard stays. Final scheduling and scoping of rig upgrades and yard stays are subject to commercial and operational planning.

What happened to Maersk jack-up drilling rigs?

Offshore rig owner Maersk Drilling is getting rid of two jack-up drilling rigs in addition to securing a new job for another one of its jack-ups. Maersk said on Monday it had sold the jack-up rig Maersk Guardian to New Fortress Energy (NFE).

How many rigs does Maersk Drilling have?

The fleet consists of 23 rigs, and the customer base counts some of the world's leading and most innovative oil and gas companies. Maersk Drilling, which employs approximately 2,850 people on- and off-shore, will continue to be headquartered in Lyngby, Copenhagen, Denmark and continue to operate under the name Maersk Drilling.

How much does Maersk Gallant cost?

Furthermore, the parties have entered into an agreement about the sale of the jack-up rig Maersk Gallant with anticipated closing in June 2021. The total sales price for the two rigs is \$31 million in all-cash transactions. The new owner will use the rigs for non-drilling purposes as part of the planned Fast LNG project, Maersk explained.

Will Maersk resolve drill a Zechstein rig in 2021?

Maersk Drilling COO, Morten Kelstrup, said: "We're delighted to be able to firm up Maersk Resolve's drilling programme for 2021 with this contract, which will see the rig take on its third campaign in a row involving drilling of the challenging Zechstein formations you encounter in this part of the North Sea".

Why is Maersk Drilling investing in a new drilling rig fleet?

Jens Madsen, CEO of Maersk Drilling, said: "These transactions will contribute to the necessary rationalisation of the global drilling rig fleet and they are further in line with Maersk Drilling's strategic priority of maintaining a fleet of modern, high-quality assets."
