

Drilling rig companies alberta supplier in senegal

What type of drilling is used in DD projects in Africa?

Over the past 10 years, we have been involved in a multitude of DD projects in Africa. AC drilling, known for its cost-effectiveness, is frequently used in initial exploration drilling programs. This type of drilling is generally carried out at limited depths (30 to 50 meters).

Who is ALCO rigs?

ALCO is a full service oilfield manufacturing company. We provide complete rig packages, rig up services, and start to finish manufacturing of land based drilling and service rigs. We also have a full staff of experienced rig welders, mechanics, machinists and engineers ready to meet the demands of your project.

How many rig manufacturing facilities does ALCO have?

With nine full service machine shops and two rig manufacturing facilities in both Edmonton & Nisku, ALCO is more than capable of meeting your rig manufacturing needs. Our two rig manufacturing shops have the following spacing specifically to accommodate your large projects:
