

Drilling rig divers supplier in kyrgyzstan

Who is kazduco drilling?

Welcome! KazDuCo Drilling provides services for water well drilling as well as exploration and production drilling for hard and other types of minerals. KazDuCo Drilling is committed to preventing the accidental loss of any of its resources, including employees and physical assets.

What type of drilling is used in mineral exploration?

This type of drilling is one of technical methods for exploration of mineral deposits. It is applied for drilling of hard rock. Rocks of high hardness are drilled by drag and diamond bits, tungsten-carbide and wolframite bits are used for medium hard rocks, and steel drill bits are used for softer rocks.
