

Light frame down-the-hole drilling rig accessories

What DTH drilling tools do you offer?

We offer a complete range of DTH drilling tools including hammers, bits, pipes, adapters, breakout benches and grinding machines with consumables. The history of the down-the-hole hammer manufacturing goes back more than four decades. For the past 40 years and still today, our goal is to produce the best products for our customers.

What hammers are available for deep hole drilling?

Wide range of large diameter Down the hole (DTH) hammers for your Deep hole drilling. Drill King manufactures the widest range of high quality Down the hole (DTH) tooling. From hammers, bits, shock absorbers, hole openers to casing systems and (WAI) water hammers and hole openers.

What is a down the hole hammer?

Bits are conditioned by a special manufacturing procedure which establishes a protective cushion on the bits, thus reducing chances of cracking which often occur in hi-impact drilling products. The Down the Hole hammers range varies from 2.5 to 12 inches diameter. The Down the Hole over burden drilling systems ranges from 4 3/4-12 inches diameter.

What tools does drill King manufacture?

Drill King manufactures the widest range of high quality Down the hole (DTH) tooling. From hammers, bits, shock absorbers, hole openers to casing systems and (WAI) water hammers and hole openers. Comprehensive range of DTH rock drilling tools for any tough environment.

How many meters can a rig Drill?

From small trailer mounted units to larger rigs that are capable of drilling up to 1500 Meters. P.G. Drilling Equipment is also able to offer our unique scissors-configuration drilling rig. The Back Hammer is a percussion mechanism in which the impact power is directed backwards.

Does drilling supply store sell drilling rigs?

With Drilling Supply Store, buying drilling tools has never been easier. We offer a complete line of drilling rigs for mineral exploration (RC drilling and coring), water well and geothermal drilling, foundations and other construction or mining applications. **FIND OUT MORE ABOUT OUR DRILLING RIGS.** © 2022 Drilling Supply Store. Leading Manufacturer of Down-the-Hole (DTH) Drilling Equipment for Mining, Construction & Water Wells. Premium products at fair prices. Get a Quote Today!

DTH drilling, also known as Down-the-Hole drilling, is a method used to drill boreholes into the earth's

Light frame down-the-hole drilling rig accessories

surface. This technique involves a hammer that is ...

China leading provider of Rock Drilling Rig and Water Well Drilling Rig, Beijing Jincheng Mining Technology Co., Ltd. is Water Well Drilling Rig factory.

Discover the power and efficiency of down the hole hammer drilling technology, offering superior penetration rates, exceptional hole quality, and versatile applications across mining, ...

Having a knowledgeable and available world-class partner on site or online, makes the difference between doing it alone and tapping the experience and know-how. The customer can count on ...

In down-the-hole drilling a drill rod is fitted with a hammer at its lower end. The hammer, which is mounted on the drill bit, is activated through the addition of ...

There is a wide range of equipment sizes, ranging from very light frame-mounted/ hand-held gallery rigs through the "work horse" 100- to 150-Hp diesel hydraulic track rigs, to large, almost ...

The small down the hole drilling rig offers hybrid motor-air performance, designed for efficient rock drilling in tight or steep areas. Click!

Having a knowledgeable and available world-class partner on site or online, makes the difference between doing it alone and tapping the experience and ...

The drilling rig equipment is a mobile self-contained hydraulic crawlerd drill designed for blast-hole drilling in the mining, quarry and construction industries. The drill is equipped with a boom, ...

KQTG-150 Down-The-Hole drilling drig offers excellent fuel efficiency, improved safety and higher productivity in challenging rock conditions, which is used for production drilling applications in ...

Integrated Surface DTH Drill Rig An Integrated DTH (Down-the-Hole) Drill Rig is an advanced drilling system designed for efficient and precise drilling in hard ...

The down-the-hole drilling rig uses the impactor and the DTH drill bits submerged into the bottom of the hole to impact and crush the rock. Therefore, it is called down-the-hole drilling machine ...

YG specialize in the production of DTH drilling machine. Ideal choice for blasting holes in limestone, bluestone, granite, soil, etc.

Ultimate Portability & Ease of Transportation: Weighing under 400 KG, our down the hole drilling rig is exceptionally lightweight, allowing for effortless lifting onto various ...

Light frame down-the-hole drilling rig accessories

Explore the different parts of a drilling rig at Rig Source. We provide top-of-the-line drilling machinery to sell the best auger drill bits and drill rods.

The down-the-hole drilling rig uses the impactor and the DTH drill bits submerged into the bottom of the hole to impact and crush the rock. Therefore, it is called ...

CENTER ROCK products boast a formidable range of down-the-hole (DTH) hammers, presenting a suite of drills and downhole bits spanning 3.5"- 48" ...

Down-The-Hole drill, abbreviated to DTH is probably the most productive and cost effective method used to drill accurate and quality holes between 4" and 10" diameter.

The reason customer want to drill the hole is that drill and blast is the most efficient and economic way to break rock instead of excavating it. ...

There are 30 Drill Rig for sale in Australia from which to choose. Overall 43% of Drill Rig buyers enquire on only used listings, 52% on new and 10.78% on ...

Smith Capital Equipment has been manufacturing Auger and DTH drill rigs for over 4 decades and our products include augering and down-the-hole rigs. Typically these are mounted onto ...

Down the hole drill rig, also known as DTH drilling machine, is applied in mining, engineering, quarrying, geotechnical investigations, etc.

We provide high quality spare parts and accessories to all our products. This is essential to guarantee maximum output and low lifecycle cost. All Epiroc ...

Our intelligent surface drill rigs bring the latest technology to surface mining applications. Designed to work in the toughest operating conditions, our ...

DTH drilling, also known as Down-the-Hole drilling, is a method used to drill boreholes into the earth's surface. This technique involves a hammer that is located behind the drill bit and is ...

Smith Capital Equipment has been manufacturing Auger and DTH drill rigs for over 4 decades and our products include auger and down-the-hole rigs. ...

Drilling Tools International offers a full line of surface and downhole accessories related to downhole drilling tools and Bottom Hole Assembly (BHA) components.

Light frame down-the-hole drilling rig accessories

Down the hole drilling rig, particularly effective in hard rock drilling, ideal for mining, quarrying, water wells, geotechnical projects.

Since its founding, Luwei Machinery has focused on technological innovation, independently developing hydraulic systems, intelligent controls, and modular designs. Its product range ...

There are 59 Drill Rig for sale in Australia from which to choose. Overall 25% of Drill Rig buyers enquire on only used listings, 73% on new and 5.98% on both ...

The major part of understanding how a Rotary Drilling Rig works is getting familiar with the complex tools and accessories that make the operation possible. ...

P.G Drilling Equipment and Accessories, have continued to manufacture and strive to better our already impressive range of Down the hole hammers, back hammers, spares, accessories, ...
