

Long hole drill rig with purchase

Long hole drill rigs are crucial for underground mining operations. These powerful drilling rig machines are designed to drill deep ...

Muki Long-hole Jumbo For sections from 2.5 x 2.5 m 4WD heavy duty diesel carrier Width of 1.05 m Equipped with Montabert drifter HC 50 (13 kW) Drilling Feed available for 0.9 or 1.2 m drill ...

The Titan HD track-mounted heavy-duty, deep-hole core drill features Cat 312L steel tracks, telescoping hydraulic stabilizers and a remote control drive package. The HD track package ...

Learn how to drill long holes through wood with precision and ease! Discover expert tips on choosing the right drill bit, setting depth, securing the wood, adjusting drill ...

MLA: Daniel S. Lyons Long-Hole Mining Methods - Blast-hole Diamond Drilling at Cornwall Iron-ore Mines, Pennsylvania. The American Institute of Mining, Metallurgical, and Petroleum ...

The sturdy Simba M6 is a long-hole production drill rig for medium-to-large drift mining with holes ranging from 51 to 178 mm in diameter. It accommodates a range of drill bits, rock drills and in ...

Siton addresses these concerns by equipping our long hole underground drill rigs with canopy certified for FOPS (Falling Object Protective Structure) and ROPS (Roll Over Protective ...

Production Master 2.3 is a self-propelled long-hole drilling rig designed for drilling parallel upholes and downholes as well as fans and rings in vertical or inclined planes. A top-hammer system ...

Sandvik DL432i is a fully mechanized top hammer longhole drill designed for underground mass mining in 3.4 m x 3.4 meter or larger production drifts. It has a high-drilling capacity and offers ...

The robust Simba SM60 S is a long-hole production drill rig designed for small to medium-drift mining. The horseshoe-mounted drill unit frame minimizes the transport height, while providing ...

Long-hole drilling rigs Epiroc's long-hole drilling rigs are used for production drilling in underground mining applications. With a variety of feed lengths, positioning configurations, ...

Long-hole drilling rigs Epiroc's long-hole drilling rigs are used for production drilling in underground mining applications. With a variety of feed lengths, ...

Smith Capital Equipment has been manufacturing Auger and DTH drill rigs for over 4 decades and our

Long hole drill rig with purchase

products include auger and down-the-hole rigs. Typically these are mounted onto ...

Boom style long hole rig for small sections. HC95LQ Montabert drifter - 24 kW. Hole length up to 22 meter. Drill diameter up to 89mm with reaming up to ...

Experience advanced longhole drilling with the Sandvik DL422i rig - a drill engineered for precision and productivity in underground mining operations.

PCR200-MIX top hammer and DTH pneumatic crawler rock drill (64-165mm) DTH bits. DRILL PANGOLIN supply outstanding underground production longhole ...

The critical parameters affecting the sustainable implementation of long hole drilling in stoping applications for platinum mines are improved safety and higher production rates compared to ...

Purchasing a Down The Hole Drill Rig is a significant investment for any mining, construction, or exploratory business. Experts from the industry weigh in on the essential ...

CZM USA Corporation offers long-reach drill rigs for those hard-to-reach areas on the job site. Please visit our website to learn more about our machines.

Long hole drilling is a crucial technique that enhances both productivity and safety, making it essential for effective resource extraction. ...

Production Master 2.3 is a self-propelled long-hole drilling rig designed for drilling parallel upholes and downholes as well as fans and rings in vertical or inclined ...

Long Hole Drilling with Top Hammer can get to depths of up to 40m with a 127mm hole width. Robit provides both drill bits and rods for top hammer drilling.

A 2018 Epiroc SIMBA M4 C-ITH Long-Hole Drill Rig, boasting exceptionally low hours and a comprehensive package of extras, will be sold to the highest bidder on 30 July ...

DL4 Production Drilling Rig It is specifically for long hole mining applications, with capability to drill holes with diameters 64-89mm and can achieve a maximum ...

Long-Hole Drills For underground production drilling Mine Master offers a range of long hole drilling rigs in configurations suitable for the required work in mines. To adapt to specific ...

Atlas Copco is touting the ability of its Simba S7 long-hole drilling rig to operate precisely in tough conditions, including small to medium drifts. It ...

Long hole drill rig with purchase

Our hydraulic drilling rig is capable of drilling holes and tunnels with different ranges of height and width. This hydraulic drilling machine is also able to be ...

Long-Hole Drills For underground production drilling Mine Master offers a range of long hole drilling rigs in configurations suitable for the required work in mines.

Muki Long-hole Jumbo For sections from 2.5 x 2.5 m 4WD heavy duty diesel carrier Width of 1.05 m Equipped with Montabert drifter HC 50 (13 kW) Drilling ...

The Simba 1354 is popular in medium-drift mining for long-hole production drilling application. The sturdy carrier supports heavy-duty drill tools for the hole ranging from 76-178 mm. The ...

New and Used Drill Rig insights There are 59 Drill Rig for sale in Australia from which to choose. Overall 25% of Drill Rig buyers enquire on only used listings, ...

Epiroc's long-hole drilling rigs are used for production drilling in underground mining applications. With a variety of feed lengths, positioning configurations, rock drills, and an extensive options ...

DL4 production drilling rig is developed for long hole mining can drill holes with diameter from 64mm to 89mm and maximum 41m deep. The suitable cross-sections (width x height) is from ...
