

Quality aerial drilling rig company

What is Precision Air Drilling Services?

Precision Air Drilling Services is a leading provider of Air Drilling and UnderBalanced Drilling solutions in the Rocky Mountain Region, with extensive experience and professional service. They aim to soon become a global leader in these technologies.

What is aerial access & geotechnical drilling?

Our Aerial Access solutions provide safe, efficient reach for high-elevation projects, while our Geotechnical Drilling ensures stability where it matters most. We support the backbone of infrastructure with reliable Transmission & Distribution construction and maintenance, delivering energy where it's needed.

Where are drilling rigs made?

Most new onshore rigs, both drilling and work over rigs, are built by OEMs in China. In the US, the larger vertically integrated land drillers have in-house manufacturing operations, so they will outsource some equipment construction, but assemble the new rigs at their own facilities.

Does Quest have a drilling rig fleet?

To match today's industry needs, Quest's underground construction group has grown to be its largest asset and continues to "set the standard". As part of Quest's largest division, our drilling rig fleet continues to expand by size and count to meet the ever-growing need for the least invasive technology in construction today.

Who is a land drilling contractor?

The International Association of Drilling Contractors (IADC) lists 547 members in the category of Land Drilling Contractors. According to Statista, the key US land drilling contractors are: Nabors Industries Ltd, Helmerich & Payne Inc, Patterson-UTI Energy Inc, Precision Drilling Corporation and Pioneer Energy Services Corp.

How many rigs does precision have in Canada?

Precision is an oilfield services company and Canada's largest drilling rig contractor, with over 240 rigs in operation worldwide. The Company has two segments. The Contract Drilling Services segment operates its rigs in Canada, the United States and internationally.
