

Specifications for core drilling rig machine

Product Description Product Introduce JY600 fully hydraulic core drilling rig is a new type of drilling rig developed by our company based on the ...

Our intelligent surface drill rigs bring the latest technology to surface mining applications. Designed to work in the toughest operating conditions, our surface drill rigs combine power ...

core drill Technical specificaTion The DE710 is a powerful and space efficient mid size cor-ing drill . ith a heavy duty base frame design. It is the most versatile drill in its class and it is available ...

The DBE 201 is industry"s most powerful, compact, and lightweight core drill rig. At 34 lbs., this diamond core drill rig"s lightweight and streamlined design ...

With interchangeable core bits capable of drilling holes from 1.5" to 9" in diameter, operators can tackle diverse pipe materials including vitrified clay, concrete, ductile iron, cast iron, C-900, ...

Products High-Quality Drilling Rigs Kores has gained a global reputation for well-designed and engineered rigs since 1937. The wide range of products operates safely, efficiently, and ...

All four rigs have been modified to allow drilling at angles of -30°, i.e. 20° less than the specifications for conventional surface diamond drill rigs. This is a ...

Designed to drill short holes in tight spaces The rugged and compact Diamec 232 core drilling rig is quick and easy to set up thanks to its compact design and light weight. It"s ideal for drilling ...

Easify Machinery offers a reliable range of core drilling rigs designed for geological exploration, mineral prospecting, geotechnical investigation, and soil testing. Engineered for high core ...

Core Drilling Rig with SPT-ready design, vertical shaft & hydraulic options, high accuracy and low cost. Get specs & pricing now.

BLUEROCK TOOLS BLUEROCK Model 8Z1RB Concrete Core Drill w/ Rolling Base & 1"- 8" Diamond WET Coring Bit Set - PACKAGE DEAL BLUEROCK ® Tools Package Deal Model ...

Sandvik has brought together some of the industry"s most outstanding expertise, products, techniques and equipment to provide a unique offering in the area of exploration drilling. ...

Specifications for core drilling rig machine

The PRD Multistar is a versatile drilling rig adept at DTH, reverse circulation and core drilling with a 1200-meter capacity and adjustable drilling angles from 45 to 90 degrees. Powered by a 360 ...

The LM90 was designed as a modular drill rig with a number of options for site-specific customization. This drill is easy to use and upgrade to meet the needs ...

Our intelligent surface drill rigs bring the latest technology to surface mining applications. Designed to work in the toughest operating conditions, our ...

At 34 lbs., this diamond core drill rig's lightweight and streamlined design makes it extremely portable and easy to maneuver for any concrete drilling application. ...

Christensen CS14 is a trailer mounted medium sized core drill rig for surface exploration applications. Now manufactured in Sweden, CS14 is built on the well proven Christensen ...

SCX has a complete range of down hole tools and consumables to support exploration rigs for start up and continued operation, SCX can offer competitive tooling packages with the sale of ...

DD 160 Core drill Compare Description Compact but powerful diamond coring machine for rig-based concrete coring from 25-202 mm (31/32 - 7-15/16") in diameter Diameter range 25 - 202 ...

Compact but powerful diamond coring machine for rig-based concrete coring from 25-202 mm (31/32 - 7-15/16") in diameter Diameter range: 25 - 202 mm Drill stand: Base plate dimensions ...

The Titan HD track-mounted heavy-duty, deep-hole core drill features Cat 312L steel tracks, telescoping hydraulic stabilizers and a remote control drive package. The HD track package ...

Diamond Core Drills for Precision and Productivity in Concrete and Masonry Diamond core drills are indispensable for modern construction projects requiring precise openings in concrete, ...

DD 150-U Core drill Compare Description Versatile diamond coring machine for handheld or rig-based coring from 8-162 mm (5/16 - 6-3/8") in diameter Diameter range 8 - 162 mm Base ...

CME manufactures drill rigs and drilling equipment for the geotechnical, environmental, mineral exploration and construction industries nationwide.

DMS 240 is an electric drill motor and stand system for a wide variety of core drilling applications. An ideal system - request quote here.

1500m Diamond Core Drilling Rig is compact with moderate dimensions and high technical specification. The

Specifications for core drilling rig machine

rig can be either crawler or truck mounted.

TECHNICAL SPECIFICATION The SCX DE130 is the most economic drill in its class for the underground and surface drilling contractor or mine operator. Through continuous ...

product range DE110 of fully hydraulic core drills. It has been de-signed as a lightweight portable drill for 46 mm (1 13/16") or A size grade control, exploration and grout-hole drilling for hole ...

Drill utilizes a 35 g.p.m. bean pump mounted on board. The drill may be hauled or trammed into very tight locations with its collapsing folding derrick. This rig is rated to depths over 3000 feet ...
